

REQUEST FOR PROPOSAL (RFP)

Project Title: Fleet Maintenance Management System

RFP Number: FLEET-2025-01

Issue Date: May 1, 2025

Submission Deadline: May 15, 2025, 5:00 PM GMT

Company Overview:

RoadRunner Motors is a global automobile manufacturer specializing in commercial and light-duty vehicles. We are seeking a software partner to help modernize our vehicle maintenance tracking and scheduling capabilities.

Project Objectives:

Develop a cloud-based system to track and manage fleet vehicle maintenance.

Integrate with existing diagnostic tools and service centers.

Enable automated notifications for preventive maintenance.

Provide real-time dashboards for fleet managers.

Support both web and mobile platforms.

Scope of Work:

Requirements analysis and technical specification

UI/UX design

Backend and API development

Integration with OBD-II telematics data

Data migration and testing

Deployment on AWS

User training and documentation

Technical Requirements:

Backend: Java or Node.js

Frontend: React or Angular

Database: PostgreSQL or equivalent

Security: GDPR and ISO 27001 compliance

Must support RESTful APIs

Budget: Up to \$200,000 USD

Timeline: Project must be completed within 4 months after contract signing.

Proposal Requirements:

Company background and relevant experience

Proposed technical approach and timeline

Cost breakdown

Project team bios

References or case studies
